To Whom it may concern.

I am Johnny Da Silva, I'm the infrastructure manager for ABB South Africa.

ABB is one of the world's leading power and automation engineering companies with a diverse portfolio of products and services including energy-efficient transmission and distribution of electricity which helps to increase productivity of the industrial, commercial, and utility sectors. At ABB innovation is the backbone of our strategies and we have been the pioneer of many technologies that drive the modern society.

In South Africa ABB has several manufacturing operations including medium voltage switchgear, rectifiers and a robotics programming, we have our head office in Longmeadow Johannesburg and we have branches throughout the country in Alrode, Durban, Cape Town & Gqeberha

DigiComm has been instrumental in implementing various AV solutions across our offices, significantly enhancing our meeting room capabilities. Specifically, they have:

- Upgraded projectors in all 30 meeting rooms at our Longmeadow office.
- Implemented a sound system and synchronized projectors in our main meeting room at the Longmeadow office.
- Upgraded meeting rooms at our Durban office with laser projectors, 4K LED screens, and MS Teams solutions.

Throughout our engagement, DigiComm has consistently provided excellent service and support. Their team demonstrates exceptional knowledge of the equipment they implement and has always been readily available whenever needed. Moreover, they have been proactive in addressing any issues that arose, ensuring minimal disruption to our operations.

We highly recommend DigiComm for their professionalism, expertise, and dedication to customer satisfaction.

Please feel free to contact me if you require any further information.

Yours sincerely,

.....
