CENTO

To celebrate its centenary, Eternum introduces CENTO.
Thanks to the hot forged technology , it was possible to
create the central line raised and keep it extended all the way
to the bottom of the stem, giving CENTO its uniqueness.

CLASSIC COLLECTION

High quality stainless steel

The cutlery in the Classic collection is made of 18/10 stainless steel. It is highly resistant to scratches as well as signs of daily wear.

Highly resistant to corrosion

ETERNUM offers 18/10 stainless steel cutlery with the highest degree of resistance to oxidation.

Durable shine

The high shine finish obtained by mirror polishing of the cutlery is a surface treatment process which uses special rollers and an extremely fine grained abrasive paste. This technique makes it possible to maintain a durable shine on the cutlery, over many years.
