

ABOUT US

NOCAB (PTY) LTD, trading as **ACUTE STEEL WORKS**, manufactures, fabricates and supply's retail display equipment, office furniture, gas cages and bespoke items. Materials include, mild steel, stainless steel, aluminum a variety of wooden products.

From humble beginning as a back-yard start-up in 2012, due to the closure of **Hollywood Displays** –the country's leading display firm in it's day –

Acute Steel Works has grown into a fully functional factory employing 10 committed staff members with a combined total of 70 years experience in the industry.

Our knowledge of the retail industry has been gained through years of service and collaboration with **our clients**. As a **proudly South African company**, we provide fast and efficient service, as well as high quality products at competitive pricing.

The Oslo Range

Our Oslo-inspired range, where urban living is characterized by a fusion of contemporary and functional design, sustainability.

Oslo's decor style exemplifies its commitment to eco-friendly practices, minimalist aesthetics, and cozy hygge elements, resulting in a harmonious blend of modernity and warmth in urban interiors.

The range offers two colour options for the table tops, allowing you to customize your table to your personal and aesthetic preferences

- Natural oak or mahogany stain.

Mild steel, veneer wood, and stainless steel are considered green materials due to their sustainability and environmental friendliness. All three materials have long lifespans and require less frequent replacement, ultimately decreasing waste and making them popular choices for eco-conscious consumers and designers.
