

## ABOUT US

**NOCAB (PTY) LTD**, trading as **ACUTE STEEL WORKS**, manufactures, fabricates and supply's retail display equipment, office furniture, gas cages and bespoke items. Materials include, mild steel, stainless steel, aluminum a variety of wooden products.

From humble beginning as a back-yard start-up in 2012, due to the closure of **Hollywood Displays** –the country's leading display firm in it's day –

**Acute Steel Works** has grown into a fully functional factory employing 10 committed staff members with a combined total of 70 years experience in the industry.

Our knowledge of the retail industry has been gained through years of service and collaboration with **our clients**. As a **proudly South African company**, we provide fast and efficient service, as well as high quality products at competitive pricing.

# The Tokyo Range

Handcrafted with care, this collection emphasizes functionality and efficiency for modern living.

This collection embraces the minimalist philosophy, combining simplicity and practicality in its design.

Our range offers two colour options for the table tops, allowing you to customize your table to your personal and aesthetic preferences.

Natural oak or mahogany stain.

Mild steel, veneer wood, and stainless steel are considered green materials due to their sustainability and environmentally.

All three materials have long lifespans and require less frequent replacement, ultimately decreasing waste and making them popular choices for eco-conscious consumers and designers.

# The Tokyo Range
