ABOUT US

Welcome to the Beautiful Earth range of natural aromatherapy products for personal care and the hospitality industry. At Beautiful Earth, we create the highest quality aromatherapy products - holistically, respectfully and responsibly to our planet and to you.

We are an environmentally friendly company and all products are biodegradable, cruelty free and suitable for vegans.

We use 100% therapeutic grade essential oils, preferring to source organic or wild crafted essential oils where possible.

In keeping with this and our quest to create all-natural, yet still effective products- Beautiful Earth products are proudly free from synthetic fragrances, colourants, dyes, sulphates, mineral oils, parabens, animal proteins and animal by-products.

OUR COMMITMENT

We are an environmentally friendly company and all of our products are biodegradable, cruelty free and almost all products are suitable for vegans. Every product is blended to utilize the beneficial qualities of our natural ingredients, allowing it to work in harmony with each person's natural balance.

Whilst constantly researching and developing products of excellent standard, we do so in a sustainable manner. We do not perform any tests on animals and our business is listed with PETA (People for the Ethical Treatment of Animals). Our low impact footprint on the environment will surely add peace of mind to all of your guests.

PRODUCT RANGE

Beautiful Earth has 2x ranges. The exclusive, more high end range is **Serenity**, the more affordable range, but not compromising on naturalness and quality, is **Sanctuary**.

IN-HOUSE CUSTOM DESIGN

All your Beautiful Earth product design needs in one place.

At Beautiful Earth, we are able to design and create all artworks for your products and packaging.

We are able to customise your products and packaging via printing, labelling and embroidery- however, we can also source any new specifications you might have.

We have a dedicated designer who will handle all artwork creation, layout and approvals. Every step will go through approval with yourselves to ensure your products meet your requirements exactly.

Information we need to get started:

(But we can also help you with this if you require!)

- Colours

If you already have the CMYK values or Pantone Matching Values (PMS) colours include those as they're specifically for printing.

- Fonts

Make sure you have the proper fonts and any specific usage instructions.

- Logos

If you need to put a logo on the package, make sure you have a vector file available.

Packaging pricing is quantity dependant,

Contact us today to get started on designing your custom packaging and products.
